

Technical Data

Power range	850 W
Single impact energy as per EPTA 05/2009 (100% joules)	3.3 J
Hammering speed (under load 100%)	4080 impacts/minute
Chuck style	TE-C
Weight in accordance with EPTA-Procedure 01/2003	3.8 kg
Dimensions (LxWxH)	379 x 93 x 215 mm
Triaxial vibration for chiselling (concrete)	13.5 m/s ²
Uncertainty (K) for triaxial vibr. val. for chiselling (ah,C	1.5 m/s ²
AVR - Active Vibration Reduction	Yes
Service indicator light	No
